Remarks

Tucked away in a quiet neighborhood sits 536 Carol Lane. This well-maintained home features many updates by the current owner and rests on a spacious .68 corner lot surrounded by trees and nature. Inside, enjoy numerous upgrades starting with the open 2-story foyer leading to a generously sized living/dining room combo. Neutral paint and large windows fill the home with natural light. The 2025 kitchen offers custom soft-close cabinetry, quartz counters, specialty tile backsplash, 2024 GE appliances, and an oversized custom window with expansive views. French doors from the dining room open to a large deck—perfect for morning coffee or evening wine. The primary and guest bedrooms are nicely sized with fresh paint, new carpet in two rooms, and ample closets. The full hall bath includes a double vanity. The lower level features a large family room with a cozy wood stove and glass slider to the patio. A convenient laundry room with newer washer/dryer, half bath, patio access, and entry to the two-car garage adds ease. Off the newly rebuilt driveway is a large electric shed, ideal for workspace or storage. Ample driveway and gravel parking complete this lovely home. Enjoy peaceful walks, friendly neighbors, and a school bus stop just around the corner.
